ELECTRONIC COMPONENTS AND HARDWARE

ABOUT THIS CATALOG

This is a condensed listing of our various product lines and is not intended to provide detailed information.

For full information on any product, complete and return the attached prepaid postal card.

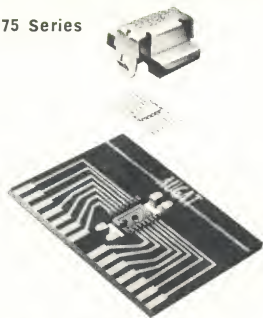

In addition to the many standard items outlined in this catalog, AUGAT is in an excellent position to design and manufacture socket assemblies and special retention devices for your specific applications.

Shown above are several typical assemblies of this nature. We welcome your inquiries for modified products and special applications.

INTEGRATED CIRCUIT SOCKETS AND ACCESSORIES

8075 Series

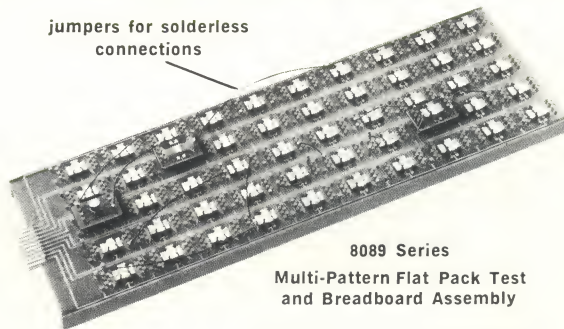

Flat Pack Test Socket

8092 Series

TO-5 Test Socket
6-8-10-12 Contacts

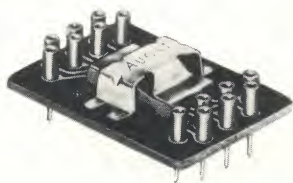

jumpers for solderless connections

8089 Series
Multi-Pattern Flat Pack Test
and Breadboard Assembly

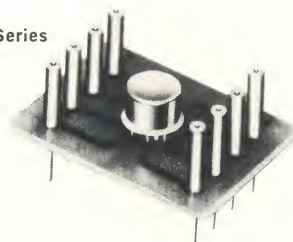

Also Available For TO-5 Devices
6-8-10-12 Contacts (8100 Series)

8076 Series

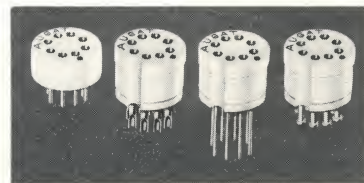

Flat Pack Breadboard Assembly

8095 Series

TO-5 Breadboard Assembly

8058 Series

Teflon Sockets 6-8-10-12 Contacts

- Units for testing—breadboarding—packaging
- No soldering or welding of leads required
- Units accommodate wide range of sizes and configurations

- Solderless jumper inter-connections for fast flexible programming
- Low contact resistance through reliable long-life connections
- Flexible designs permit test-carrier applications

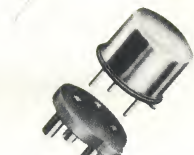

TRANSISTOR SOCKETS

TO-3 Molded Socket

TO-5 Teflon Socket
3 or 4 Contacts

TO-5 Slim-Line Socket
3 or 4 Contacts

TO-18 Socket
3 or 4 Contacts

Test Socket
3 or 4 Contacts

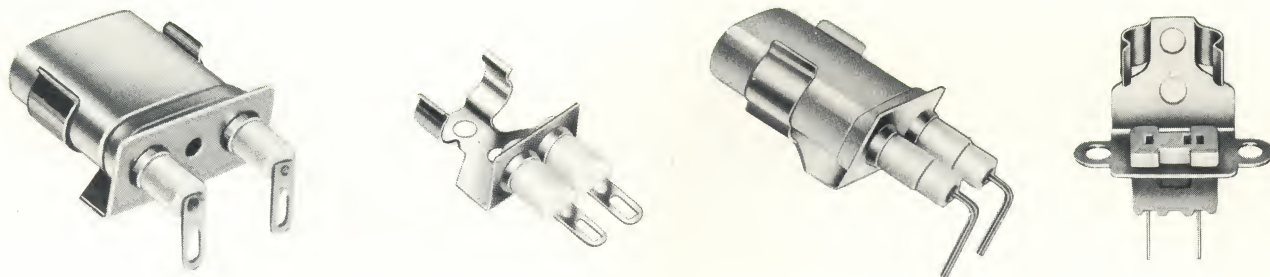

TO-8 Socket

- Designs for printed circuit and panel mounting
- Teflon, glass epoxy, and molded assemblies

- Complete selection for most case sizes
- Beryllium copper contacts for reliability and long life

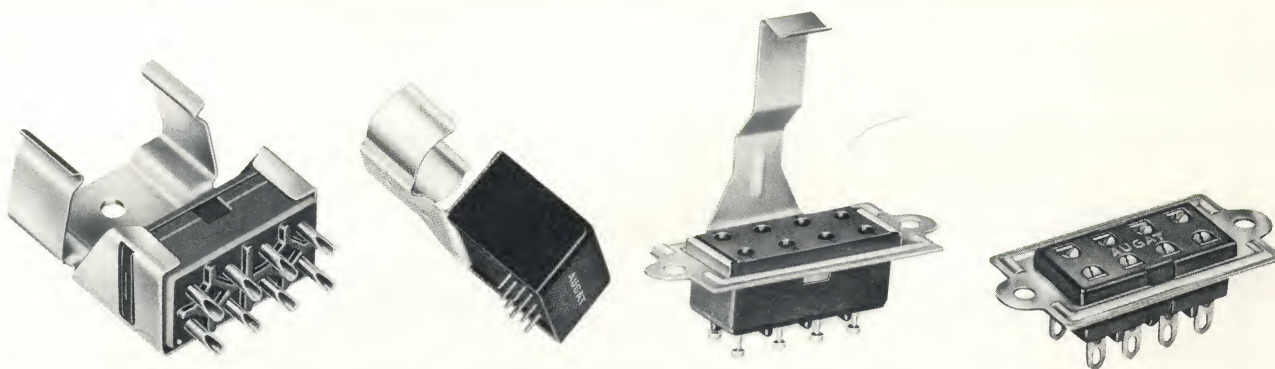

CRYSTAL SOCKETS

For use with Crystal Sizes HC-6/U HC-13/U HC-18/U and others

- Military approved Hi-reliability socket assemblies
- Unique feature of socket-clip assembly for positive retention
- Printed circuit and chassis styles available for horizontal or vertical mounting

RELAY SOCKETS

For All Crystal Can Size Relays and other Miniature Styles

- Floating precision machined contacts for positive connections
- Designs for vertical or horizontal mounting, printed circuit or chassis
- Units withstand severe shock and vibration

BUSINESS REPLY MAIL

No Postage Stamp Necessary if Mailed in the United States

☐ Integrated Circuit Sockets
and Accessories

☐ Transistor Sockets

☐ Crystal Sockets

☐ Relay Sockets

☐ Lead Sockets

☐ Test Jacks

☐ Heat Sinks

☐ Component Holders

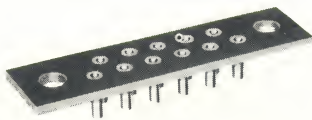

☐ Clamps

☐ Battery Holders

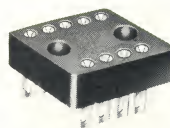

LEAD SOCKETS AND ASSEMBLIES

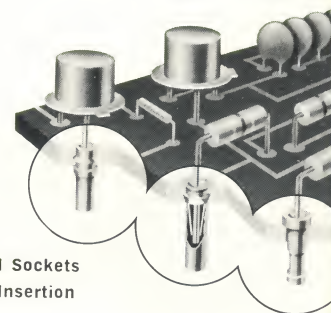

Teflon Assembly

Glass Epoxy Assembly

Molded Assembly

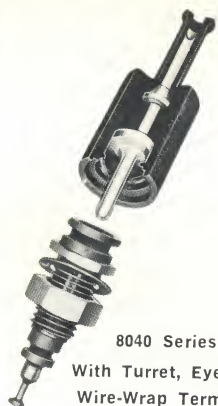

Individual Sockets For Self-Insertion

- Beryllium copper contacts of closed entry design for pin or lead diameters from .015-.050
- May be purchased separately or as complete assemblies

- Flexible design permits manufacture of special assemblies quickly and inexpensively
- Designs to accommodate standard modules such as IBM, Corning, Fairchild, Hamilton Standard, etc.

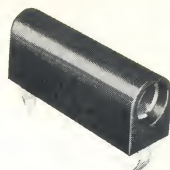

TEST JACKS AND PROBES

8040 Series
With Turret, Eyelet or
Wire-Wrap Terminals

8067 Series

8041 Series

8046 Series
Micro-Miniature

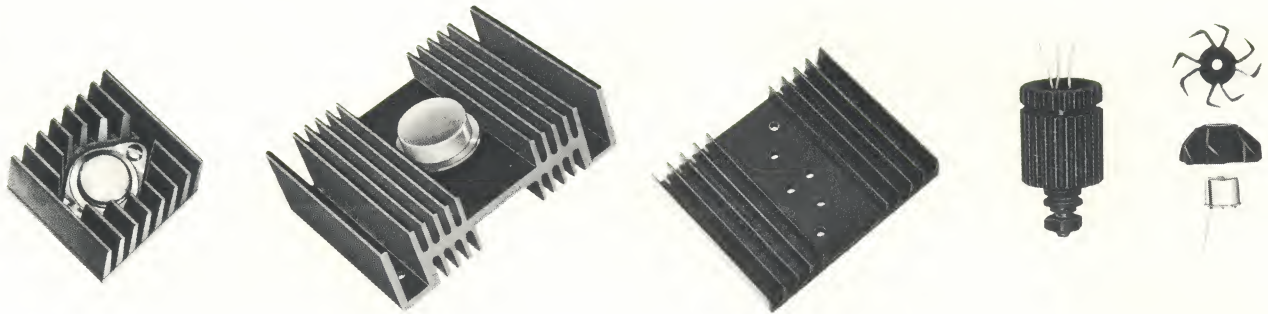

Push-Fit
Jacks

- Jacks available in various colors and probe range of .040 to .090 diameter

- Military approved and commercial series available

- Chassis or printed circuit board mounting

HEAT SINKS

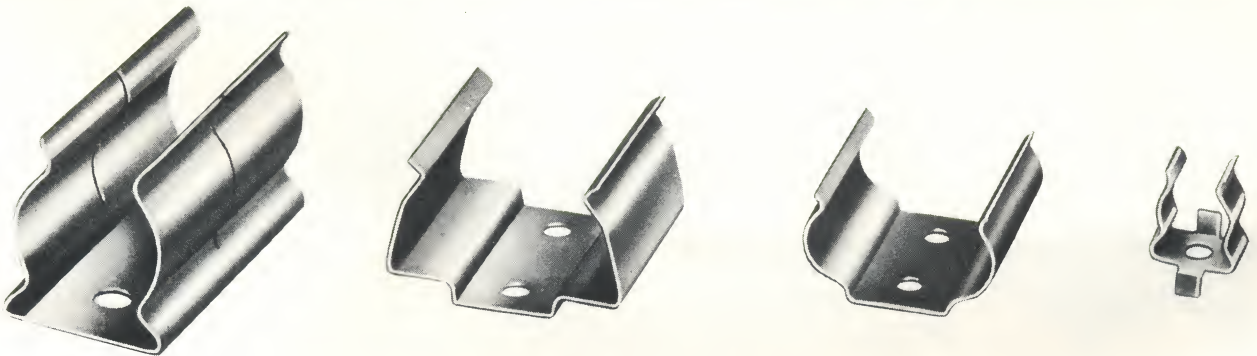

- Many sizes and configurations—castings, extrusions and stampings

- Modifications designed to your requirements

- Maximum heat dissipation—minimum space requirements

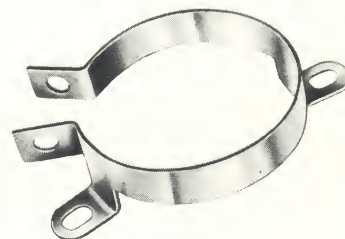

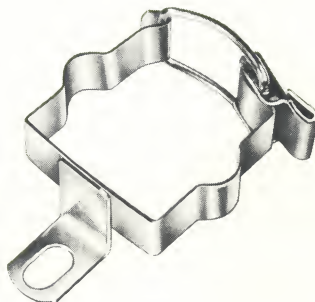

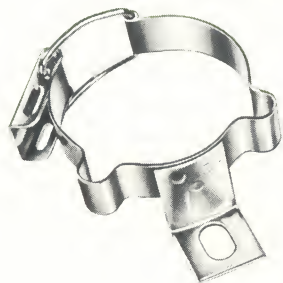

COMPONENT HOLDERS

- For mounting tubular, oval or rectangular components
- Chassis or printed circuit styles available
- Covers wide range of component sizes from .075 to 2"

- Wide selection of materials and finishes
- Used for vibration retention and heat transfer
- Meet NAS 1464 — MS17160 — MS28136
MS28137 — MIL-STD-242 — MIL-C-24066

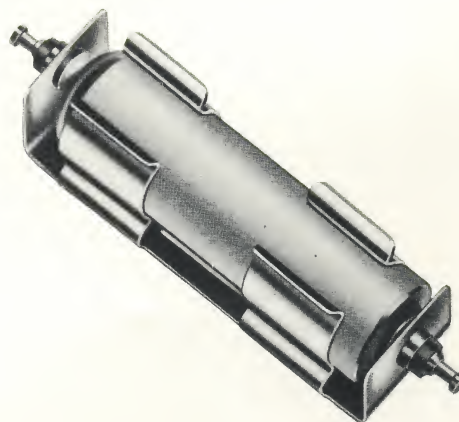

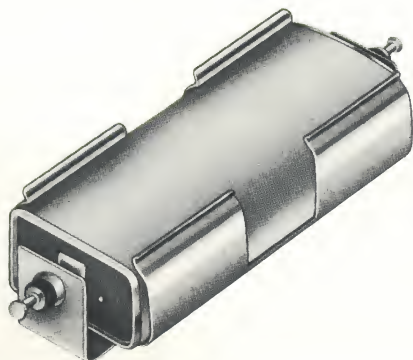

CLAMPS

- Military approved clamps for tubes, relays, capacitors and other components
- Complete selection for any size and configuration

- Toggle closing lever for easy and fast replacement of component
- Meets MIL-STD-242

BATTERY HOLDERS

- Available for all popular size batteries
 - Reliable silver plated nylon insulated terminals

- Positive battery retention
